PRESIDENT SOPER

A Message from the President

I have often felt that intramural athletics are the most important feature of our whole athletic program. This is contrary to most popular thinking, even in college communities themselves. I suppose it is even true that there are hosts of American citizens who follow intercollegiate sports with zest who know nothing of what is going on on college campuses between teams made up out of groups within the college. It is not so spectacular and is not associated with huge crowds and impressive gate receipts. But the general public must wake up to the importance of intramurals.

Wherein does the importance lie? Just in the fact that they open the opportunity to every member of the student body to get into athletics. They get down out of the bleachers and out on the field as contestants themselves. They give up

side line philosophy and learn the meaning of sport by participation. I understand that Coach Gauthier's slogan is "Every athlete a student and every student an athlete". Well, why not? How much better than to be athletes merely by proxy and failing to get out of athletics what is there for every man and woman too—if only the opportunity is offered. This is the meaning of this move, steadily gathering momentum through the years, to enroll every Ohio Wesleyan student in some form of intramural sport.

I am glad then to write this brief word, hoping it may help, even though it be but a little, to cause every Ohio Wesleyan student to consider his duty to his Alma Mater unfilled unless he gives himself to this or that form of sport—for the sheer fun of the game and the delight which a strong man feels to run a race.

Athletic and Physical Education Staff

MEN pictured below on this page and the next compose the staff of athletic coaches and physical education instructors who contribute directly or indirectly to the intercollegiate and intramural athletic programs.

Intercollegiate coaches of course are directly responsible for the type of athletic teams that represent Ohio Wesleyan in competition

William F. Roberts, B. A. M. D.

Director of Physical Education
Team Physician

George E. Gauthier, B. S.

Director of Athletics
Head Coach of Football and Track

Walter C. Freeman

Director of Physiotherapy
Coach of Gym Team

George R. Staten, B. A.

Ass't Director of Athletics
Backfield Coach of Football
Coach of Frosh Basketball and Track
Director of Ticket Sales

against other colleges and universities. They develop the degree of skill, fair play, and good sportsmanship which characterize the varsity teams in their games.

That same spirit as shown by the representative teams is reflected in the intramural teams. The ability of intramural participants

can also be improved in the various sports by being regular members of the varsity squads and benefit through the instruction given by the coaches.

Through the physical education program the instructors are able to lay a foundation of skill and interest in the various sports of both intercollegiate and intramural competition. In this manner they are contributing to the success of the athletic program.

Of course every athlete considers varsity competition to be the highest form of athletics, but, in case one is not efficient enough, there are many fields of sport open in the intramural department which offer the same benefits as does varsity activity. Because of the broad field we believe that at Ohio Wesleyan University

Raymond O. Detrick, B. A.

Coach of Basketball

Coach of Frosh Football and Baseball

Frederick C. Mackey, B. S.

Director of Intramural Athletics

Line Coach of Football

Coach of Baseball

Harry W. Simester, B. P. E.

Coach of Swimming

Instructor of Physical Education

Thomas J. Tyler, B. A.

Trainer

there is a distinct unity in the various departments to further the athletic program to meet the demands of all students of every degree of ability.

There are three members of the coaching staff not employed full time but who are directly in charge of their respective sports. M. A. Bacon is coach of tennis. James Aitchison is coach of golf. Franklin Wills is coach of fencing.

Gibson, The Florist

ATHLETIC COUNCIL OF CONTROL

Names of Men of Athletic Council of Control are as follows: Top Row, left to right: Blankenagle, Jones, McKinney, Conger; bottom row, Gauthier, Sanders, McElroy, Roberts.

Student Managers Perform Important Service in Development of Athletics

WE look upon the work of our student managers of athletic teams as being of the utmost importance in our varied program of inter-collegiate and intramural athletics.

The student managers are first assistants to the coaches in every sport. We depend upon them for a multitude of duties. On trips the senior manager makes all arrangements for the comfort of the team in traveling and during their stops over night. He arranges and pays for the transportation of the team, hotel arrangements and meals. He handles all finances on trips away from home.

At home games, the senior manager sees that the assistant managers have all facilities arranged for the proper conduct of the game, that one or two managers are appointed to take care of the visiting team and extend them every courtesy, that work is assigned to assistant managers to aid the members of the home team. He also settles

the matter of guarantees of the visiting team and expenses with officials.

The daily work of the managers is very important in that the coaches depend upon them to see to it that proper facilities for practice are in order, balls pumped up, equipment in place for use, attendance taken and all equipment taken in after practice.

The services performed by the student managers at Ohio Wesleyan are of great value in helping to make the success of any squad. Their work is on a par with the boys trying out for places on the team and they are awarded in a similar manner.

In each sport four freshmen are awarded freshmen numeral sweaters for their services and are appointed to sophomore managership. Two sophomores are awarded numeral sweaters for their services and are appointed as junior managers. One junior is awarded his varsity numeral and the other receives his varsity letter as senior manager.

THE 1929 football team experienced another very successful season not only from the standpoint of the number of games won, but by showing the ability to come back on the following Saturday, after a bitter defeat at the hands of a strong Ohio University team to defeat Miami University in the Selby Field dedication game, and also play a wonderful type of football for the remainder of the season.

Ohio Wesleyan had a great offensive machine scoring over 50 points in four different games against worthy opponents. The great offensive strength was also evidenced in the Army game at West Point when Wesleyan made 21 first

downs in comparison to six by the Cadets. Wittenberg was the only team that was successful in keeping the Bishops from crossing their goal line.

Results of the season:

O. W. U.	52	Marietta	0
O. W. U.	51	Heidelberg	20
O. W. U.	7	Ohio University	21
O. W. U.	20	Miami	12

O. W. U.	41	Denison	0
O. W. U.	0	Wittenberg	0
O. W. U.	53	Cincinnati	0
O. W. U.	6	Army	19

Back Row: Raugh, Henderson, Tyler, Strayer, Campbell, Miller, Vezie, Peters, Haney, Scott, VanDeusen, Smith; Front Row: Nieberg, R. Jones, Siegenthaler, Westfall, Breese, Carlisle, Franz, Salter, Melvin, Rinnert, Merrill, Lambacher

Gibson, The Florist

BASEBALL, 1930

Back Row: Cassel, Eskins, Abbey, Rice, Wilke, Staten; Middle Row: Shaw, Pfarr, Leslie, Frantz, Noland; Front Row: McElhaney, Thomas, Spoonamore, Reger, Hnizder Dawson.

Varsity Baseball

WESLEYAN'S ball team, lacking in pitchers, started the season with a defeat, by Cincinnati, but gradually was developed into a representative ball club by Coach George Staten.

Victory came to the Wesleyan sand lot aggregation in the Ohio University game, which pulled the Bobcats from a tie for first honors. Denison was defeated 10-5, as was Otterbein. Ohio State out-batted the home outfit 6-3.

Hnizder, honorary captain, was chosen all Buckeye shortstop. He and Frank Abbey, regular pitcher, were the only varsity men to graduate.

Varsity Basketball

For the second time in two years, Ohio Wesleyan's basketeers tied with Cincinnati University for first honors in the Buckeye conference with a record of eight victories and two defeats.

Both defeats were suffered on foreign floors, one at Denison and the other at Cincy. Wesleyan turned in wins at Ohio University, Miami, St. Xavier, and Wittenberg while losing but one home game, that being to Wittenberg.

Two seniors Siegenthaler and Thomas, were placed on the all Buckeye team, and Gandrup, sophomore, made the second team.

BASKETBALL

Back Row: Gandrup, Malone, Ginaven, Schubert, Dallas, Mgr. Front Row: Traul Wertz, Spoonamore, Thomas.

Gibson, The Florist

FENCING SQUAD

Back Row: Miller, Craig, Beall, Gordon, Plymale; Front Row: Pearl, Blanchard, Trosh, Joyce, Aitchison

Fencing

INTEREST in fencing was developed greatly this year under the coaching instruction of Franklin Wills. At the beginning of the year the material did not look very promising but the men improved rapidly and turned in three victories before the season ended. This sport is fast becoming more popular at Ohio Wesleyan and it is predicted to become one of the leading minor sports in the near future.

Edward Craig, captain of the team, was the outstanding performer.

Track

The track team made a very creditable record last spring in the various intercollegiate meets and outstanding individuals made enviable records for themselves and the school in the Illinois, Central Collegiate, and Ohio Relays. The annual Buck-eye Track meet was held here at Ohio Wesleyan in the latter part of the season in which the Bishops won second place.

Kane, Lambacher, and Dean were the most outstanding members of the team.

TRACK

Back Row: Turner, Fox, Robinson, Gauthier, Koontz, Tyler; Third Row: Wright, Strayer, Dunn, Kellogg, Rinnert, Hoffmaster, Richard, Dean; Second Row: Staley, Facchini, Agnew, McGrew, Melvin, Rudy, St. John; First Row: Lambacher, Lewis, Light, Kane, Scribner, Halliday, Coleman, Kerr, Mansfield.

SWIMMING

Back Row: Simester, Coach, Russell, Wright, Morton; Front Row: Young, Tissot, Parker, Kayser.

Gymnastics

THIS past season developed some of the finest gymnasts under Coach W. C. Freeman that have ever attended school here at Wesleyan.

Due to the fact that so many schools are discontinuing gymnastic teams it was necessary to cancel meets with several institutions and consequently the men were privileged to compete in but one meet. They did, however, give several splendid exhibitions of their exercises between halves of the various varsity basketball games.

David Sauer was the outstanding gymnast on this year's squad.

Swimming

The 1930 Swimming Squad was made up of practically all new men. R. Wright and G. Young were the only men on the squad who had been on the 1929 squad. Even though the team failed to break into the victors column it was one of the best teams that ever represented Ohio Wesleyan. The four outstanding men on the team are sophomores and next season Wesleyan should have a much stronger and more successful swimming team.

GYMNASTICS

Marshman, Lowry, Clayton, Doan, Warner, Sauer

Gibson, The Florist

CROSS COUNTRY

Murdock, Griffiths, Hockman, Dittrick, Dean, Quilhot, Sechrist, Hoffmaster, Fox

Cross Country

THE Cross Country team was not a very successful team from the standpoint of winning meets but they were able to stage a comeback and win second place in the B. A. A. meet which was held at Cincinnati under the auspices of Cincinnati University.

Waldo Dean was the outstanding man, winning five first places and two second places during the year.

Golf

The golfers started off the 1929 season by winning over the Ohio State team in a close match. The season's record rated exactly .500 having won two, lost two, and tied one. The matches are played at the Odevene Country Club and the team coached by James Aitchison.

Tennis

Ohio Wesleyan's net men experienced a somewhat disastrous season but under the prevailing conditions the men should be commended for

their spirit and cooperation. They were able to tie with Capitol University and with the strong Kenyon team.

INTRAMURAL SECTION

Intramurals: Origin and Development

INTRAMURAL athletics are often considered a somewhat new program but in reality is probably the oldest form of group athletic competition in the world, and the present intercollegiate systems of the colleges and universities are developments and outgrowths of the club and group competition of the early sixties, which was patterned after the sport activities of the English universities.

As the English sports became Americanized, the stressing of competition and of specialization in the various sports became so great that the success of the school was gauged somewhat by the number of athletic contests won.

The inter-club and inter-group competition still remained but was overlooked because of the keen interest in intercollegiate competition. Students who lacked sufficient ability to make the college teams but who desired to compete in athletics sought expression in impromptu challenge groups. Later this activity became organized as interclass competition and then the smaller groups such as fraternities, boarding clubs, and rooming clubs became interested in this athletic competition and student committees were formed to conduct the inter-fraternity contests. In some of the larger schools the fraternity associations (Pan-hellenic) greatly stimulated group competition. This was the first step toward centralization of

organization and control of intramural athletics.

This interest in group competition prospered until the number of teams desiring to compete increased to a point where student organization could no longer adequately supervise and control it.

The first intramurals on record at Ohio Wesleyan took place in 1921 under G. E. Gauthier, now director of athletics, and consisted of an inter-class track meet. In 1922-23 inter-fraternity competition in six different sports were conducted. During the years 1925-26 the number of sports were increased to ten and in 1926-27 the number of sports conducted totaled eleven. The intramural program has developed and prospered until at the present time the Ohio Wesleyan intramural department conducts twenty different activities with over 80% of the male student body taking part in at least one intramural sport throughout the year.

Occasionally athletic institutions are criticized for over emphasizing varsity athletics but statistics show that 90% of the Ohio Wesleyan male students take part in either intramural athletics, varsity athletics, required physical education or any combination of them.

Our motto is recreation for all—all for recreation.

Unqualified Participation Urged

The aim of intramural athletics is to interest every student in school in the various sports and to encourage them to compete in those sports against other teams or individuals. The unaffiliated men sometimes are of the opinion that intramurals include only men affiliated with some fraternal organization. We want all students to feel that intramural athletics are for everyone. It is possible of course, to have much more direct contact with organized members than with un-

affiliated men who are not grouped together. So you must watch the intramural bulletin board, and *The Transcript*, for notices concerning coming events, or come into the office and inquire about them. We want you to organize teams for all of the various sports and enter them with the intramural department. If you are interested in joining a team we shall be very glad to place you or organize a new team. The intramural department is at your service. Please use it!

THE OHIO WESLEYAN UNIVERSITY
SIGMA CHI WIN TWICE

Sigma Chi

All Year Participation

SIGMA Chi won the all year trophy for the intramural year, 1928-1929, for the second time in as many years. The winner of this trophy cup for three successive years becomes the permanent owner of the symbol of all sports prominence. The cup was given by the Delaware Chamber of Commerce.

Delta Tau Delta and Phi Gamma Delta were

second and third respectively in the all year race for points. Final points for the year were very close being 1471 $\frac{1}{4}$ for the winners, 1456 $\frac{1}{4}$ second, and 1431 third.

In totaling the all year score, points earned by entrance and by winning games, matches, or bouts are counted. In order to get entrance points it is necessary to participate in the designated sports.

Playground Ball

With 317 men, and 19 teams, participating, playground ball proved to be one of the most popular sports of the intramural program last year.

Delta Tau Delta was university champion in this sport last spring. The Deltas were also winners of the Michigan League. The Sigma Chi

nine were runners-up, and the Alpha Tau Omega's winners of the Illinois League.

Starting in April and lasting until June, playground ball is widely played by fraternities and independent groups on the campus. The intramural department expects an even larger number to compete in the sport this spring.

DELTS WIN PLAYGROUND BALL

Delta Tau Delta

Gibson, The Florist

NEW SPORT WON BY ALPHA SIGS

Alpha Sigma Phi

Volley Ball

ALPHA SIGMA PHI was volley ball champion of the university last year, with Sigma Phi Epsilon runners-up, and Phi Gamma Delta division winner.

Volley ball had 220 men participating, and 19 teams competing for the prizes that were given by the intramural department. Fraternity courts were used for volley ball which were kept busy throughout the entire day. Next to playground ball and basketball, volley ball was the most popular sport of the intramural year.

Each fraternity on the campus, and several independent groups, had volley ball teams.

Track

Seven new intramural records were set in the outdoor track meet which was run off in the spring of 1929 with Kappa Sigma, and Sigma Chi as winner and runner-up respectively.

There were so many entrants, 142 in number, that qualifying heats had to be run off in every event in order to determine who would participate in the finals. Points were given both for entrance and to winners in each heat.

Charles Wertz carried off individual honors with blue ribbons in the 100-yard dash, the 120-yard low hurdles, broad jump, and a member of the winning sprint relay team.

-----------------	--------------------	-------------------------	--------------------	-------------------	--------------------

Boxing and Wrestling

BOXING and wrestling has more interest among the townspeople and student body than any other intramural activity. Large crowds have been attending the boxing and wrestling matches each week.

The final winners were determined during the Intramural Festival, a regulation ring being used for both sports.

Dr. Roberts, Dr. Freeman, Coach Gauthier, and Asst. Coach Staten acted as judges for the matches. Dr. Roberts was also the attending physician.

The boxing and wrestling tournament this year has been very successful. The finals of the two sports will be held prior to the night of the intramural festival, March 26.

BETAS AND ALPHA SIGS WIN SWIMMING AND FOUL THROWING

*Swimming Winners
Beta Theta Pi*

*Foul Throwing Winners
Alpha Sigma Phi*

Swimming

The annual water meet brought forth the best swimmers on the campus and after a close contest, the Beta's were able to claim the title with the Alpha Taus running a close second. James Kinney was the individual high scorer of the meet—Edward Russell finishing second.

Foul Throwing

This activity was won by Alpha Sigma Phi with Rodney Kolb taking first place. Other winners besides Kolb in their respective places were, Cochrane, Lewis, Hout, Brandfass, Benton, James, Lang, Deyoe, and Edwards.

Every group on the campus was represented in the tournament, and the number of men to compete totaled 215.

Bowling

After a close match between Sigma Phi Epsilon and Beta Theta Pi, league winners, Sigma Phi Epsilon won the title of university bowling champions last year. There were 14 fraternity teams entered in the event. A total of 117 men made up the teams.

In the individual and doubles elimination contest, Forest Campbell was undefeated in the singles and a team composed of McFarland and Thomas came out on top in the duo bracket.

The Sig Eps also won the University championship this year.

BOWLING WON BY SIG EPS

Mull Frantz & Craig Armstrong Doan & Evans Mears

Golf

DURING the Spring months of last year the the Odevene country club saw many student golfers getting their ozone and incidentally points and trophies in the intramural golf tournament.

Cup winners were Armstrong who defeated Denney for the individual title and Doan and Evans who out-putted Fitzgerald and Gandrup in the doubles finals.

Tennis

Started in the fall and finished in the spring last year, the tennis tournament ended with Bertic Mull at the head of the singles division while Russell Frantz and Ed. Cgaig won the doubles trophy.

Runners up in the contest, which 128 men entered, were Grant Young, singles, and Stewart and Boller, doubles.

In the beginning matches two out of three sets decided the winner

Cross Country

CROSS country proved to be more popular this year than it was a year ago, for 143 men participated in the frosh and upperclass run in 1929 while in 1928 only 33 men took part.

by Leist, Brotherhood, last year. Fields, freshman runner, made the distance in 16:24. Minutes, while Mears won the upper class event in 17:20-1-10 minutes.

In both divisions this year, the time required to run the three miles was less than that made

Phi Kappa Tau was team winner in the frosh division with 33 points and Alpha Tau Omega winners in the upperclass run with 43 points.

Indoor Relays

BEFORE the weather was fair enough outdoors last spring for the track meet, indoor relay races were held on the track in Edwards Gymnasium.

Two types of races were conducted, both of which the Sigma Chi fast steppers won. In the sprint relay each man ran one lap, while in the medley event each man ran one more lap around

the track than the man preceeding him. As their were four men on each team, the anchor man ran four laps.

In the consolation races, Union took the sprint, and Sigma Phi Epsilon came in first in the medley event. Ninety-eight men in all ran in the relays.

Handball

Contestants in the handball tournament which was played on the three courts in Edwards gymnasium numbered 76 in the singles and doubles.

After seven rounds of matches Gregson won

the individual title by outpointing Friedly in the finals. In the doubles bracket Bayliff and Gregson defeated Ketting and Sechrist to win the trophy for that event.

PHI GAMS WIN COURT TITLE

Basketball
Phi Gamma Delta

Basketball

PHI GAMMA DELTA won first place with no defeats in the fraternity league, and, the night of the Festival, defeated the independent leaders, Blayney's Boarding team, to gain the university basketball championship of 1928-1929.

Basketball was played two nights a week during the Winter months at which both the Edwards gym courts were in use. In addition to the championship trophy won by Phi Gamma Delta, the fraternity runners-up, Alpha Sigma Phi, were given a cup. Blayneys were given individual silver medals.

More independent teams participated in this

sport than in any other, six of the twenty-two teams in the various leagues being from the unaffiliated group of men. A total of 293 players were listed on the line-ups.

This year the freshmen and upperclass divisions are separated into two leagues. This gives more men a chance to play and also gives the frosh on the Frosh squad an opportunity to participate as they were ineligible under the arrangement last year when both divisions were together. The number of teams competing in is also increased, there being 40 groups fighting for first place in the various divisions.

Speedball

Inclement weather of last fall prevented the playing of the game to decide the university winner of speedball. Kappa Sigma and Alpha Tau Omega having gone through the season undefeated in their respective leagues, will play for the championship this spring as soon as the weather permits.

Speedball is a comparatively new game, being a combination of soccer, basketball, and football.

It has become a very popular sport with the students as is evidenced by the fact that 17 teams competed in the sport last fall.

Three courts were constructed at South Field for the use of the speedball teams. The court used is smaller than a football field although goal-posts corresponding to those used on the grid-iron, are necessary. The ball resembles a light basketball.

Fencing

New interest in fencing has overtaken many students at Ohio Wesleyan this winter and the addition of this sport to the intramural program is one of the high spots of the year.

Franklin Will of Ohio State University has been instructing a squad of men interested in

this sport which is becoming more and more popular each year in American colleges and universities.

The finals in both the foils and epee will be a feature of the Intramural Festival. Edward Craig will direct the tournament and the varsity fencing team will assist.

Unit Managers

Interest shown in the intramural activities is in a very great part due to the efforts and interest put forth by the unit managers of each organization.

They are the mediums through which all correspondence between the Intramural Department and members of the organizations is handled.

Their services have been invaluable in stimulating and maintaining the high standard of interest that has been evidenced by the students in intramural athletics.

Their cooperation and promptness in responding to every inquiry made by the Intramural Department has been appreciated by the administration.

The unit managers are as follows:

Alpha Sigma Phi	Robert Morton
Alpha Tau Omega	Grant Young
Beta Sigma Tau	Elmer Reger
Beta Theta Pi	Jack Cornell

Brotherhood	Neil Shawhan
Chi Phi	Don Canning
Delta Alpha Pi	Roger Brooker
Delta Tau Delta	Arvin DeYoe
Kappa Sigma	William Thomas
Phi Delta Theta	Robert Lynch
Phi Gamma Delta	Ervin Carlisle
Phi Kappa Psi	George Stafford
Phi Kappa Tau	Richard Kertscher
Sigma Alpha Epsilon	Charles Newcomb
Sigma Phi Epsilon	John Stroud
Sigma Chi	Hobart Rickard
Union	Paul White
Blayney's	Douglas Coville
Shurs	John Hinely
Moores	Nelson Bolasney
Pipes	Vernon Holloway
Easterners	George Lawrence
Harters	Harold Stevens
Independents	Ed Broughton

Song Contest

Another feature of the intramural program will be a contest of original school fight songs between the campus organizations. Each group will sing its song before a committee of judges who will decide the three best who will sing as the feature the night of the Intramural Festival

for the title of campus champion composers and songsters.

This is a new enterprise upon Ohio Wesleyan's campus and it is hoped to obtain some very definite results in the way of new songs and school spirit.

Horseshoes

Fraternity horseshoe courts saw activity all spring in preparation for the intramural contest. Delta Tau Delta's team of six men showed that they could throw more ringers than any other team on the campus with the Sig Eps. as their nearest opponents to keep them fighting for every point.

Due to the fact that only six men could represent each organization, the total number, 96, who were on the active teams hardly represents the number who were found after lunch and until dark each night following the shoes and developing new turns and accuracy in circling the stake.

Approved Intramural Rulings

THESE RULES APPLY TO ALL SPORTS

A. All students of the University shall be eligible to enter any activities promoted by the Department, except as provided in this article.

B. A student who has received a Varsity award in any recognized college or university shall not be eligible to compete in that particular sport.

1. Any man winning a varsity award in Field Events, which include the high jump, pole vault, broad jump and weight events, shall be eligible for Track events provided he is not on the varsity squad at the time.

a. This pertains to letter men of field events being eligible for track events and relays during indoor season only.

C. No member of a varsity squad, at the time of a regular scheduled intercollegiate contest, will be permitted to take part in any Intramural activity during the same season.

1. The Varsity Squad is determined by the coach of that sport.

2. "At the time of a regular scheduled intercollegiate contest" is termed as being 15 days before the first contest of the season with a college or university.

3. Men who have been dropped from any Varsity squad because of ineligibility or impending ineligibility in their scholastic work shall not be allowed to compete in that branch of Intramurals.

4. Men who have been regular members of a Varsity squad during a previous year shall be ineligible for that branch of Intramurals unless given special permission by the coach in charge of that sport.

D. Members of the Frosh Squad will not be permitted to take part in any TEAM activity, with the exception of Frosh Intramural sports. They can however take part in INDIVIDUAL tournaments during the same season of their squad membership.

1. Members of Frosh Squad, who are unaffiliated with any organization, are allowed to compete on Independent Intramural Teams.

E. No freshman will be permitted to play with an upper class team if there is a Frosh League conducted in that sport.

1. All freshman will be permitted to take part in Frosh Intramural Sports, regardless of their squad memberships.

F. A man can represent but one organization in each sport. Failure to comply to this ruling eliminates that man from playing that particular sport on any team that season.

1. After a man has entered a contest with one organization, he cannot change to another organization in that same sport. He can, however, represent one organization in basketball and another in bowling or any other sport going on at the same time.

2. The playing of a man under an assumed name is valid grounds for a protest on that game.

WOMEN'S SECTION

*ATHLETIC YEAR BOOK**Edited by MILDRED ISHEIM and RACHEL HULBART**GERTRUDE MANCHESTER, Director of Physical Education, Women's Division**Associate Professors*BARBARA PAIGE, B. S.
CAROLYN E. TARBELL, M. A.*Instructors*NELLIE M. EASTBURN, B. S.
THELMA WAGNER, B. A.EUGENIA KENNAN, *Fellow**Women's Physical Education*

Ohio Wesleyan physical education for women offers eleven different sports for intramural and inter-class participation. The purpose of the department is to provide an activity for every girl. It cooperates with the Women's Athletic Association in that the latter gives points for all work done in inter-class games.

Statistics for this year have not yet been completed but the figures of last year prove that a little over half of the women in school were entered in some athletic activity. This is the third year of co-ed intramural sports here. The sports offered include basketball, baseball, hockey, soccer, bowling, swimming, dancing, tennis, deck tennis, and track. New ones such as clock golf, archery, and horse shoe pitching will be added in the spring if enough girls will make known their interest in these or other games to the instructors.

Spring is almost here! Doesn't the warm sunshine and the cool breezes make you want to get out into the air? To work off some of that surplus energy and avoid spring fever? Soon it will be time for baseball, archery, tennis, and track. There is also going to be a swimming meet or carnival held later on. The Transcript will tell more of it later. Let's have a bigger turnout this spring than ever before if only to prove that we would be thankful for more improvements to our Women's field and for a Women's building. Why not make our aim of

"a sport for every girl and every girl in a sport," a realization?

A summary of the fall and winter sports follows:

Bowling—Nineteen teams were entered in the tournament. The winners of the four leagues played in the finals. Alpha Delta Pi won first place with a score of 648. Delta Delta Delta was second with 572, the Battling Bowlers had 565, and Alpha Xi Delta 472. Ruth Heindel remains the champion co-ed bowler. She maintained an average of 175 during the tournament and made as high as 216.

Hockey—The sophomores were champions in hockey. This game is played only by the inter-class teams.

Basketball—As this book goes to print only the league winners of the intra-mural teams have been determined. These are Kappa Delta, Alpha Chi Omega, Alpha Delta Pi, and Gamma Phi Beta.

The seniors are the only inter-class team that has not been defeated.

Deck tennis—Fifty-seven women signed up for the first deck tennis tournament but only thirty-six ever played. The winner was, therefore, undetermined. W. A. A. awarded five points for each game played.

Orchesis

"Our aim to dance, to live, to love,
And in so doing, to create
All that others may express in painting, sculpture,
Joy, beauty, sorrow, and contentment
All things that go to make a life complete
And truly noble."

This year Ochesis has centered its efforts towards the production of a Dance Drama or an interpretation of the Dance, which was given at interpretation of the dance, which was given at

the City Opera House, Friday evening, Feb. 28, 1930. Most of the dances were worked out by the girls themselves under the direction of Miss Barbara Page, who has always been their leader and inspiration. The members of Orchesis look upon the dancing that they do as a sincere attempt to express that which is artistic in their souls, and as such the dance to them is art.

The remainder of the year Orchesis will be working on the dancing parts in *Midsummer Nights' Dream*, which is to be the Commencement Play produced this year.

Swimmer's Club

The Swimmers' Club has as its aim, to cooperate with the Department of Physical Education for Women and with the Women's Athletic Association in promoting interest and excellency in aquatic sports and proficiency in life saving, and to sponsor an annual Intramural Swimming Meet.

This year the Intramural Swimming Meet will be held the first week in May. This year for the first time the meet will be an inter-sorority one. Other years the meets have been held only for inter-class groups. The inter-class meets have

been without much competition, so it has been decided to let sorority groups and a non-sorority group enter, in order that more girls will be interested, and more competition will enter into the meet. The meet will be open to any sorority woman or any non-sorority woman.

The events of the meet will be in, swimming and diving for form, speed, and stunts. Participants in any event must have had four practices before they can enter. Opportunity will be given to practice twice a week on Tuesday and Thursday nights during the whole month of April.
