

am having a great time over here
in the Fatherland (in spite of the
army). I have a pretty good job as
a personnel clerk, so I don't get
too much harassment. However, sitting
in the office all day and drinking
this good German Beer, I will
probably put on about 50 lbs before
I get home. I have been to Paris and
have seen quite a bit of Southern
Germany so far and I hope to do
a lot more traveling while I am
over here. I hope to see you when
I get back to the States which will
probably be next fall, sometime. Maybe
we can both make it back to OWU
for Homecoming. I understand that
Ace and Rufus were back this year
along with a lot of others from our
class. They even had a friendly?
game just for old time sakes. Have
a real nice holiday season and give
my regards to your family.

Yours in -pai-
